

Luminux is proud to present you the Sigma series of LED Tracklight which is perfect for the retail shops, supermarkets, window displays, hotels and most of commercial and architectural lighting. This simple and anti-glare design comes with the cutting edge LED technology and heat dissipation technology. Sigma LED Tracklight adopts multichips-array LED system (Cree, USA) technology which can produce up to 960 lumen with 12W only. The highest color rendering option can be up to 95CRI. It is now possible to reduce energy consumption and maintenance costs without compromising on light quality and ambience.

**Features**

- Simple and Elegant Outlook
- Super Anti-glare Design
- Aluminium Cooling System
- Multichips-Array LED System (Cree, USA)
- Ultra-easy Installation
- Power Option: 7W, 9W, 12W
- Dimming Option: TRIAC
- Super Long Life - 70% maintenance of lumen after 50000 hours
- Super High Color Rendering (84 or True Color 95 CRI)
- Wide Selection of Beam Angle: 15°, 24°, 36°, 60°
- Power factor: >0.94
- RoHS Compliant
- UV and IR Free
